

Secure-Gard®

Theft Protection

What is Secure-Gard Protection?

Secure-Gard effectively deters thieves by marking your vehicle with a unique series of traceable I.D. numbers and branded decals. The I.D. numbers, VIN and customer information are registered into a secure database.

Effectively deters thieves from stealing your vehicle.

Secure-Gard Features

- The unique DNA code is registered on a secure International database
- Stays on for the life of the vehicle
- An effective way of preventing vehicle theft and subsequent parts sales
- A replacement benefit is provided if the vehicle is stolen and not recovered; this payment is made on top of what the insurance company pays
- A deductible reimbursement is provided if the vehicle is recovered and requires repairs.
- Warranty coverage is transferable
- Decal stickers on vehicle windows deter potential thieves
- I.D. numbers are registered in a secure database and can assist in vehicle recovery
- The I.D. numbers are registered along with the VIN and customer information into a secure database
- The vehicle is marked with a unique series of traceable I.D. numbers and decal stickers
- The I.D. numbers are recorded and connects the vehicle to your customer
- The decals are placed onto the windows and various body panels of the vehicle
